OPS

Comments:

ops perception
of info furnished

- The location of drugs was described as a land drop in the vicinity of geo coord $36^{\circ}15' N / 121^{\circ}50' W$ (a water offshore area. The land drop is in the vicinity of an airport.

- On 29 May the (SG1B [REDACTED]) target vessel was sailing west (at a slow speed) in rough waters.

- Salinas surfaced as either the ~~indent~~ drop area where the drugs were stored or as a final destination for the drugs

- The word ~~surface~~ surfaced plus.

- a second, ^{small,} vessel, a fishing vessel.
appeared to offload and head south
with the contraband.
